

## SAFETY DATA SHEET

### SECTION 1. Identification of the substance/mixture and of the company

#### 1. Product identifier

Product No: BR4D414-01

Product Name: NC Membrane, 0.22µm

#### 2. Recommended use of the chemical and restrictions on use

Relevant identified uses: For research use only.

Uses advised against: Not used for diagnostic procedures.

#### 3. Details of the supplier of the safety data sheet

Zhuhai Biori Biotechnology Co.,Ltd

No, 88, Shui an 1st Road,Xiangzhou District, Zhuhai, Guangdong, China.

Hotline: +86-0756-8699969

### SECTION 2. Hazard Identification

#### GHS (Globally Harmonized System) Classification.

1. Signal word: None.

2. Health hazards: Not classified.

3. Physical hazards: Not classified.

4. Hazard statements: Not applicable.

5. Precautionary Statements: Not applicable.

6. Principle Routes of Exposure/Potential Health effects : Not applicable.

7. Specific effects

Carcinogenic effects: None.

Mutagenic effects: None.

Reproductive toxicity: None.

Sensitization: None.

### SECTION 3. Composition/information on ingredients

The product contains no substances considered harmful to health at the given concentration.

CAS#	Chemical Name	Weight(%)	EINECS#
9004-70-0	Nitrocellulose	98~100	933-629-2

### SECTION 4. First aid measures

1. Skin contact: Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes.

Get medical attention if symptoms occur.

2. Eye contact: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.

3. Ingestion: Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

4. Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.

5. Most important symptoms and effects, both acute and delayed: Not applicable.

6. Instructions for physicians: symptomatic treatment.

## SECTION 5. Fire-Fighting measures

1. Suitable extinguishing media: Use an extinguishing agent suitable for the surrounding fire.
2. Unsuitable extinguishing media: No information available.
3. Special hazards arising from the substance or mixture: No information available.
4. Protective equipment and precautions for firefighters: Standard procedure for chemical fires.

## SECTION 6. Accidental release measures

1. Personal precautions: Always wear recommended Personal Protective Equipment. Use personal protection equipment.
2. Methods for cleaning up: Absorb with inert absorbent material.
3. Environmental precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

## SECTION 7. Handling and storage

1. Handling: Always wear recommended Personal Protective Equipment. Wear personal protective equipment.
2. Storage: 15-30°C.
3. Specific end use (s): For research use only.

## SECTION 8. Exposure controls/personal protection

1. Exposure Limits: We are not aware of any national exposure limit.
2. Engineering measures: Ensure adequate ventilation, especially in confined areas.
3. Personal protective equipment: Personal Protective Equipment requirements are dependent on the user institution's risk assessment and are specific to the risk assessment of each laboratory that may use the material.

Respiratory protection: In case of insufficient ventilation, wear suitable respiratory equipment.

Hand Protection: Impervious gloves.

Eye protection: Safety glasses with side-shields. Skin and body protection: Lightweight protective clothing.

Hygiene measures: Handle in accordance with good industrial hygiene and safety practice.

4. Environmental exposure controls: : Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

## SECTION 9. Physical and chemical properties

Physical and chemical Properties	Information	Physical and chemical Properties	Information
Form	Solid. [Porous polyvinylidene fluoride.]	Flammability(solid gas)	Slightly flammable in the presence of the following materials or conditions: open flames, sparks and static discharge. Thermal decomposition (>315°C) may produce an irritating mixture of smoke and highly toxic gases. Fluoride emissions may be significant.
Appearance	White	Oxidising properties	No Data
Odour	Odourless	Water solubility	No Data
Odour Threshold	No information available	Upper explosion limit	No Data
Boiling point / boiling range	Decomposition temperature: 370°C	Lower explosion limit	No Data

	(698°F)		
Melting point / melting range	230°C (446°F)	Vapour Pressure	2 kPa (15 mm Hg) [room temperature]
flash point	No Data	vapour density	No Data
Autoignition temperature	No Data	Viscosity	No Data
Evaporation rate	No Data	pH value	No Data

### SECTION 10. Stability and reactivity

1. Chemical stability: Stable under normal conditions.
2. Reactivity: None known.
3. Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous reactions will not occur.
4. Conditions to avoid: No information available.
5. Incompatible materials: No specific data.
6. Hazardous decomposition products: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### SECTION 11: Toxicological information

1. Acute toxicity: No toxicology information is available.
2. Principle Routes of exposure potential Health effects.  
Eyes: No known significant effects or critical hazards.  
Skin: No known significant effects or critical hazards.  
Inhalation: No known significant effects or critical hazards.  
Ingestion: No known significant effects or critical hazards.  
Carcinogenic effects: None.  
Mutagenic effects: None.  
Reproductive toxicity: None.  
Sensitization: None.

### SECTION 12: Ecological information

1. Ecotoxicity:

Product/ingredient name	Biodegradability
Nitrocellulose	Not readily

2. Mobility: No information available.
3. Biodegradation: No information available.
4. Bioaccumulation: No information available.

### SECTION 13: Disposal considerations

Dispose of contents/containers in accordance with local regulations.

### SECTION 14: Transport information

#### IATA

- Proper Shipping Name: Not classified as dangerous according to shipping regulations.  
Hazard Class: None.  
Subsidiary class: None  
Packing group: None.  
UN-No: None.

### SECTION 15: Regulatory information

1. International Inventories: No information available.

2. China: No information available.

### **SECTION 16: Other information**

1. Indication of changes: GHS aligned.

2. Training instructions: Use as instructed.

3. Further information: The information and recommendations in this safety data sheet are, to the best of our knowledge, accurate as of the date of issue. This SDS has been prepared for use with this product only.

4. Notice to readers: The information and recommendations in this safety data sheet should be regarded as a supplement to existing regulations and relevant information that should be known before. It is the responsibility of the users to determine the applicability of this information and the suitability of the material or product for any particular purpose. The health and safety of employees while using this product should be taken responsibly by the employer. This information is furnished without warranty, and any use of the product not in conformance with this Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.

**End of Safety Date Sheet**
